Dr. Henney:

I am writing to strongly urge you to **BAN ANTIBIOTICS AS LIVESTOCK GROWTH PROMOTERS**. If you are not willing to do this at least require labeling on packages of meat that is sold in grocery stores and require restaurants to give notice to customers that states which drugs have been given to the animals that then become the food we and our children ingest.

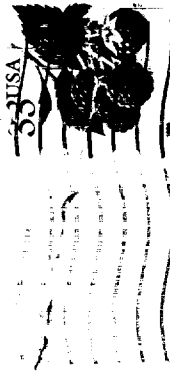

Thank you for your consideration and attention to this most important matter.

Sincerely,

Susan Berndt
